About Us

We are a bunch of innovative and simple-minded professionals, dedicated to the tasks that we specialize in. Every member is focused with a clear direction and awareness of his or her precise role in the Project. We create our niche in every single assignment because our aim is to not only "do" the work but also imbibe it.

We started our voyage in 2009. Since then, we have sailed through many oceans and visited many destinations. We have worked with many distinguished clients from varied verticals. Our concerted efforts have helped us not only to survive in this competitive scenario but at the end, Creative Lancer has emerged as a contributor towards creative world. Our army is made up of able designers, developers, content writers, photographers, video-editors, and managers who are always willing to play with ideas and create the best customer experience for our partners. We value innovation and keep that as the corner stone of our business foundation.

Apart from on-going commercial projects, Creative Lancer also participates in many events and community programs within its limited capacity. We have participated in several events, like - Diabetes Camp for poor people, Yaas Relief Camp, Walk for Child Cancer Patients, Sanitary Napkin Vending Machine, Green Solution for Plastic Pollution, etc.

Brand Designing

At present, bringing the history of your brand to the forefront along with an emotional dimension that emphasizes on your visual identity is a necessity. In today's digital landscape, each project provides a unique opportunity to highlight yourself and the uniqueness of your brand.

About Us

Ramakrishna Mission Seva Pratishthan is a well-known landmark in the metropolis & humming with multifaced health-care and health- education activities as we see it today, this Pratishthan originally known as Shishumangal Pratishthan, had a very humble beginning in a rented house as a maternity-cum-child welfare centre in July 1932. This centre, a branch of the Ramakrishna Order, follows the ideal and principles of Sri Ramakrishna - "Service to Jiva is Service to Shiva" (One who serves man serves God indeed). Since its humble beginning this centre has grown into a around 650 bedded with multi-discipline. This centre is providing health care at an affordable price to socio-economically weaker, under-privileged and needy patients.

Overman Foundation

India's only online research institute dedicated to the mission of Sri Aurobindo and Mother

The motto of all the members of Overman Foundation can be best summed up in the following words of Sri Aurobindo:

"The coming of a spiritual age must be preceded by the appearance of an increasing number of individuals who are no longer satisfied with the normal intellectual, vital and physical existence of man, but perceive that a greater revolution is the real goal of humanity and attempt to effect it in themselves, to lead others to it and to make it the recognized goal of the race. In proportion as they succeed and to the degree to which they carry this evolution, the yet unrealized potentiality which they represent will become an actual possibility of the future."

(The Human Cycle, p. 201)

Sri Aurobindo As I Have Seen Him by Nirodbaran

Dear Friends, On 15 August 1992, Dr. Nirodbaran Talukdar (1903-2006), who served Sri Aurobindo as a scribe and attendant, gave a talk in Bengali titled "Sri Aurobindo As I Have Seen Him" which was broadcast on Radio Calcutta. For our readers, we are happy to publish the English translation of this talk in the website of Overman Foundation. With warm regards, Anurag Banerjee Founder, Overman Foundation.

Sri Aurobindo As I Have Seen...

August 11, 2018

Nirodbaran, Arabinda Basu, K.D. Sethna, M.P. Pandit and Jhumur Bhattacharya speaks on the manifold achievements of Sri Aurobindo

Dear Friends, On the occasion of Sri Aurobindo's 119th Birth Anniversary, All India Radio Pondicherry had brought together at 8 p.m. on August 12, 1991, five inmates (Nirodbaran Talukdar, Arabinda Basu, K.D. Sethna alias Amal Kiran, M. P. Pandit and

Graphics Design

In general, our most of the services are fall under the category of graphic designing. However, without mentioning a few more things, our story will remain incomplete. We also delve into small AVs, video creating / compositing, limited animations for the web or AV ads, photography templates, e-mailers, newsletters, etc. Beside these, we also design publication materials with a specialized stroke.

WELCOME TO SYNERGY

Synergy is an engineering company focused on TOTAL BELT MANAGEMENT and provides tailor-made engineering solutions and technical support for specialized conveyor systems in Mining and Material Handling sector. Long years of Marketing Association with Phoenix & Contitech of Germany sharpened the engineering skills in devising its product portfolio and work ethics.

Synergy's portfolio of engineered products includes Portable Belt Vulcanizing Machine, Belt Changing Device and Conveyor Accessories such as Chain Scraper, Belt Scrapers, Skirt Sealing System and Impact Pad.

Synergy's tailor-made products & services, widely known for top class offering, are preferred by global companies such as FLSmidth, Takraf-Tenova, Thyssenkrupp, Tecpro Systems, Larsen & Toubro, McNally Bharat, Tata Steel, Tata Robins Fraser, Elecon Engineering to name a few.

CONVEYOR BELT VULCANIZER

A major product from Synergy portfolio, **Portable Belt Vulcanizer** emanated from a brand **DATTAR**, which is popular in India for last forty years. With the passage of time, the engineering practices and component selection have been synchronized to suit the **International market**. Thus Synergy manufactures the vulcanizing press suitable for any type of Conveyor Belt such as Steel Cord belt, Pipe conveyor belt, Steep Angle Belt and general fabric belt.

VULCANIZER CONSTITUTES....

HEATING PLATEN

Platens are made of Aluminium Alloy plate of international quality. Specially designed tubular heating elements ensure rapid & uniform heating. Platens are available in rhomboid & rectangular designs suitable for all types of conveyor belt and all possible splicing geometry. Platens are suitable for power supply ranging from 380 V to 415 V, AC, 3Ph with and without neutral.

PRESSURE SYSTEMS

Hydraulic Model-WH- Pressure exerted by inter-connected hydraulic cylinders fitted in top pressure frame by means of manual pump/power-pack. Hydraulic system ensures uniform pressure distribution on the splice area, thereby enhancing joint life.

Mechanical Model-W- Pressure exerted by mechanical screw & pressure shoe by means of torque wrench. This works well for fabric belts with lower belt ratings.

TEMPERATURE CONTROL SYSTEM

Enclosures, sourced from globally renowned sources and conforming to American, European & CE standards, are used to manufacture Control Panels. User friendly panels fitted with modern safety features like ELCB & MCB, LED indicators, multi-function meters & digital temperature controllers. PT100 Sensors, fitted in platens, precisely control the temperature of the heaters.

- AT-3 - Mini enclosures with digital controllers & LED indicators. Both automatic & manual mode of operation.
- AT-4 - Enclosures with digital controllers, Multi-function meter & LED indicators. Both automatic & manual mode of operation.
- AT-E4 - Enclosures with PLC, Multi-function meter & LED indicators. PC /Laptop inter-phase enabled. Auto archiving of data is optional. Both automatic & manual mode of operation.

TYPES OF VULCANIZING MACHINES OFFERED :

- Hydraulic Press for Belt widths upto 2400 mm in all conceivable construction
- Manual Pressure Press for Belt widths upto 1200 mm Fabric-reinforced Belt
- Hydraulic Spot Repairing machine
- Hydraulic longitudinal Slit/Edge repair machine with C-Clamps

ACCESSORIES

Special tools & tackles suitable for Fabric reinforced/ Steel Cord conveyor belts are supplied along with standard equipment.

RECOMENDED SPLICE LENGTH

EP/NN		STEEL CORD
